## First Dance

### *June is a fantastic DJ;*

*From the booking process up until the wedding, she ensured our needs were met through online meetings and emails. Her wide knowledge of world music is astounding, as we had a Yemeni couple who wanted some of our traditional music, and she did not disappoint. The dance floor was completely full! Thank you June - you made the night for us and all of our guests!*

## White Setup With Names Light

We delight in delivering a personalised DJ service to our clients. Here are some of the options we offer;

## *All day*

We welcome your guests with the music of your choice, play your entrance, exit and any other requirements... onto the Reception and music guided by you. Here we can provide Master of Ceremonies as well as PA for speeches and record your speeches, then- party all evening!

## *Reception and Evening*

We arrive in time to welcome your guests and then introduce you to the room, we can provide Master of Ceremonies as well as PA for speeches and record your speeches, then- party on!

## *Evening Entertainment*

Whether we are with you all day or just the evening, the evening party is often the time everyone looks forward to formalities done and everyone can relax and let their hair down.

We like to know how much you require our vocal input. We can announce requests, or not. We can coordinate activities and ensure the flow of music to keep everyone entertained, and with your personalisation.

We can also provide guestbook help with our Advice and Wishes cards. These we give out to the guests and collect afterwards. If you fancy doing the shoe game (like Mr & Mrs) we can do that too!

## Extras:

### Uplighting

Often a venue either looks too dark without this, or you have a choice of full lights on or off. Uplighting can blend with your colour scheme and add a glow to the room. Essential for some venues, a nice to have for others

### Selfie Wizard

Often described as a photo booth without a booth, the Selfie Wizard gives guests the opportunity to share photos they have taken through the day on their phone with you, and all guests. We share the photos on a slide show on a TV screen. You get to keep all the pictures on a memory stick. We supply some props to add to the fun, as well as instructions for uploading.

### Monogram or Names Light

We custom make this for you. It costs a little more, but it is personal and doesn't take up a lot of room, yet still makes an impact.

*We are so grateful  
for helping to make  
our day perfect*

*From the moment we hired her it  
became a joint collaboration. She went  
over every little detail with us. I was not  
afraid to make suggestions to make my  
beautiful wedding day.*

*Stephanie*

**Thank you so much June!**

*Thanks for being a part of our day on  
the 26th August. You made our evening doo,  
you played to the audience, a load  
of manks, and you excelled. Some of the best  
pictures we got were of us all  
dancing and living our best life!*

*Jan and Collette*

## *Highly recommended DJ*

*Alex was great at our wedding. Really listened to our plan for the first dance and nailed it. Service up to the night was also great from June, so all round great experience. Thank you both*

## Ceremony Music

***We cannot praise,  
thank or recommend  
June enough!***

*She was helpful, patient and invaluable in planning not just the music but the structure of the day. The setup was phenomenal and really made the venue sparkle for our special day. Music was on point all day and night and that was down to June reading the room and interacting with us to find out what we wanted.*

## June went above and beyond!

Providing her time and support with our first dance... even suggesting a couple of moves to kick things off. The music June played was amazing and included many of our song requests and favourite artists. The whole day was perfect for us and having June there as DJ for the evening reception was a key part of this. The lighting and ambiance in the evening was superb. Thank you June, we really appreciate you being part of our special day.
